The Alaska Performance Scholarship

An Invitation to Careers

Students in the process technology program at Kenai Peninsula College are on the path to well-paying careers.

Process Technicians

earn **$45,000** to start.

In Alaska, training is available in dozens of careers in demand, such as culinary, health care, automotive, aviation, mining, maritime, office support, information technology, drafting and construction.

Scholarships for Career Training

THE ALASKA PERFORMANCE SCHOLARSHIP can be applied to many career and technical programs in Alaska. Ask your high school counselor how to earn scholarships worth up to $4,755 a year.
