COLLEGE  
IN ALASKA

## A letter from the Executive Director

Alaska Commission on Postsecondary Education

## Dear Student,

Welcome to the 2017-2018 edition of College & Career Training in Alaska! In this fifteenth edition you will learn what Alaska's top jobs are, find out how to prepare for them right here in Alaska, and identify financial aid available to help you access that training.

ACPE's mission is to help all Alaskans be able to access postsecondary education opportunities, and develop the skills needed for rewarding and high-wage careers in support of a robust Alaskan economy. We are steadfastly committed to making higher education and training accessible and affordable for every Alaskan.

The institutions, colleges, and universities highlighted in this publication are all available to you right here in Alaska. They offer programs that range from short-term vocational training to world-class doctoral degree programs.

You can become a positive force for Alaska's changing economy, by preparing now for your jobs and career of the future, and by pursuing the training and education our top jobs will demand. ACPE is here to help you on your journey.

Wishing you success,  
*Stephanie Butler*  
Executive Director

STATE CAPITOL  
PO Box 110001  
Juneau, Alaska 99811-0001

fax: 907-465-3532

Governor Bill Walker  
STATE OF ALASKA

550 West Seventh Avenue Suite 1700  
Anchorage, Alaska 99501  
907-269-7430  
fax: 907-269-7463  
www.Gov.Alaska.Gov  
Governor@Alaska.Gov

Dear Alaskan,

Our state is on the cusp of economic change. As we work through the challenges and opportunities ahead to set Alaska on a course for prosperity, I encourage you to similarly consider your path beyond high school.

Time and time again – in times of plenty and even more so in times of austerity – postsecondary education and training has proven to be a key factor in personal and collective success. The most valuable resource we have in Alaska is our people. The best thing we can do for our future is to equip ourselves with the skills to work, innovate, create, and lead.

We are working toward our goal of at least 65 percent of working-age Alaskans holding a high-value post-secondary credential, such as apprenticeship completion, technical certificates, and advanced degrees. You can be a part of meeting that goal.

I encourage you to think about your future and the importance of training programs or college in preparing for a meaningful and rewarding career. As you research available jobs and opportunities, please consider the quality institutions right here in Alaska, many of which have tailored their offerings to meet Alaska's workforce needs.

Through the Alaska Commission on Postsecondary Education's (ACPE) programs and services, we are working aggressively to make college education and technical training affordable and accessible.

I remain committed to developing strong career and technical education programs here in our home state, and I commend you for your commitment to furthering your education and training. You are the leaders of tomorrow, and I wish each of you well as you seek opportunity to thrive in your chosen path.

Sincerely,

Bill Walker  
Governor

GETTING  
STARTED

Quiz!

# Which Postsecondary Path may be right for you?

## How do you prefer to learn the basics?

- A. Listening to a teacher, reading about a subject, and possibly hands-on application once I'm knowledgeable about the subject.
- B. Small classes that combine listening to a teacher and book work.
- C. Small classes that combine watching an instructor perform an example, book work, and hands-on training.
- D. Watch an instructor perform an example and then use that knowledge in my own paid work.

## Which would you rather do?

- A. Get involved in a campus community (Greek, Sports, Clubs).
- B. Gain professional knowledge that can be used to provide paid professional consulting to my community.
- C. Gain a skill (engine repair, welding, medical) that could be used to provide a paid service to my community.
- D. Physical work such as iron work, laborer, or mining.

## How much variety would you like?

- A. Education that includes a variety of topics and subjects.
- B. A framework of information that I could directly put to use.
- C. Some variety in my education but focused on hands-on skills.
- D. Focus on one topic and learn as much as I can about that subject.

## Which interests you the most?

- A. Researching, analyzing, and synthesizing information to become highly knowledgeable about the world & my field.
- B. Combining research with pertinent information from a teacher to gain understanding about a topic that will directly benefit me or my community.
- C. Learning skills that lead directly to a specific job/career.
- D. Starting work & continuing to add skills that I can use immediately to help get a job done.

Which letter did you select the most?

**A** **Four-Year Colleges & Universities** offer a broad array of bachelor's degrees, also called the baccalaureate (Bachelor of Arts or Bachelor of Science). Many also offer vocational certificates, associate and master's degrees.

**B** **Community Colleges** usually serve city, borough, or region residents. They typically offer vocational certificates and associate degrees and have minimal entrance requirements.

**C** **Vocational Schools & Colleges** offer career and technical training in a hands-on environment near your community.

**D** **Apprenticeships** start you working from day one with on-the-job training and technical instruction. It can take one to six years for individuals to receive an industry-issued credential that certifies occupational proficiency.

# College Enrollment

- **Apply for Admission** Each university or college has its own admission requirements, which typically include an application, fee, high school and/or college transcripts, and ACT or SAT test scores.
- **File Your Free Application for Student Aid ([fafsa.ed.gov](https://fafsa.ed.gov))** The sooner you complete this step the better. *See page 7.*
- **Apply for On-Campus Housing** It can fill up fast, so submit your request early! Even if you plan to live off campus (perhaps with your parents), plan ahead and have your living arrangements finalized before school starts.
- **Register for New Student Orientation** It's a great way to familiarize yourself with the campus and meet new students before classes begin.
- **Take Placement Tests** You may be required to take an Accuplacer or similar test prior to class registration. Some schools will use an SAT/ACT score to determine your course level, and others require a placement test. Check with your school for more information.
- **Apply for Scholarships** You must apply by your school's deadline in order to be considered for college or university-based scholarships. Check with your financial aid office for details.
- **Meet with your Academic Advisor** Your advisor will guide you through choosing your classes. You can find their contact information on your school's website. Make contact as early as possible – don't wait until you arrive on campus.
- **Register for Classes**  
**15 credits per semester or 22.5 per quarter**  
Many schools have students register for their own classes. Your academic advisor will assist you with this step. You should tackle your GERs (General Education Requirements) sooner rather than later, and those classes can fill up fast! Register early to make sure you get the schedule you want.
- **Purchase Books and Course Materials** Did you know you can rent textbooks online, buy used textbooks, or save a tree and download an electronic version? Find ways to make your financial aid go further.
- **Check your student account for tuition and fees** If financial aid did not cover all your expenses, you will need to pay your bill or set up a payment plan.

# Career & Technical Enrollment

- **Apply for Admission**  
Application and admission requirements will vary with each vocational and apprenticeship program. Contact your program to ensure you have completed all steps to be fully admitted.
- **Apply for Financial Aid**  
The FAFSA is typically the first step in applying for financial aid, if your school participates. Contact your training program to learn which financial aid programs they offer. If your school does not use the FAFSA, visit [acpe.alaska.gov](http://acpe.alaska.gov) for information on other forms of funding. Alaska students at these schools may still be able to qualify for other financial aid, such as the Alaska Performance Scholarship, or Alaska Education Loans.
- **Enroll for Classroom Training**  
Vocational and apprenticeship programs will require some classroom training along with on-the-job (OJT) experience. Meet with your program's representative to guide you through the process of enrolling and ensuring you know important dates and deadlines.
- **Housing and Transportation**  
Not all career training programs offer housing (and you have to apply earlier if they do). Remember to plan ahead and have your living arrangements and transportation finalized before school starts. Some schools partner with their city's public transit system to provide free or reduced fare transportation for students.
- **Attend an Orientation Program**  
Become familiar with where you are going and the resources available to you. If your school or program does not have a new student orientation, ask them what your best resources are for questions or concerns.

For information about apprenticeships  
see page 20

PAYING FOR  
EDUCATION

be a  
**FAFSA**  
pro

the FAFSA is the first step to financing your education

[fafsa.ed.gov](http://fafsa.ed.gov)

Get help paying for higher education expenses by filing the Free Application for Federal Student Aid (FAFSA). The FAFSA is your application for the three main categories of federal student aid: grants, work-study, and loans. It's also your first step for state and institutional financial aid. Never pay to file the FAFSA.

Apply as early as October 1st (right after you start your senior year of high school). You will need to file the FAFSA every year you are in college. Some aid is awarded on a first-come first-served basis so apply as soon as possible to get the maximum benefit. To qualify for school-specific aid, you'll need to apply by the school's financial aid deadline (check their website).

## Get Free Help

Attend a FAFSA completion event at locations around Alaska, such as ACPE's College Goal Alaska ([collegegoalak.org](http://collegegoalak.org))  
Or visit:

### The Success Center

UAA One Stop  
800-441-2962 opt #4  
[acpe.alaska.gov/successcenter](http://acpe.alaska.gov/successcenter)

## Gather Your Documents & Information

Students and parents will need:

- social security number
- prior-prior year's (PPY) tax information, including PPY untaxed income records (if applicable)
- information on cash, savings and checking account balances
- FSA ID ([fsaid.ed.gov](http://fsaid.ed.gov))
- A list of which institutions you're considering. When completing the FAFSA, you can list up to 10 to receive your information.

Request your free FAFSA folder with in-depth checklist and helpful tips at  
**[acpe.alaska.gov/successcenter](http://acpe.alaska.gov/successcenter)**

For a glossary of terms associated with Federal Student Aid and FAFSA visit  
**[studentaid.ed.gov/sa/glossary](http://studentaid.ed.gov/sa/glossary)**

# Financial Aid

## (fĭ-năn'shəl ād)

Noun 1. money provided to a student and/or their family to help pay for their education.

**Cost-of-Attendance (COA)** – An official number set by the school's financial aid office that indicates a student's total cost of attending college, including books, fees, room and board, supplies, transportation, tuition, and other miscellaneous personal expenses. The COA also depends on marital and residency status.

**Expected Family Contribution (EFC)** – Used by the U.S. Department of Education (by way of the FAFSA) to determine the amount a family is projected to have to help pay for a student's education.

**Financial Aid Package** – The financial aid office of each school assembles a package of awards to meet each student's need, based on the availability of funds. The financial aid offer may consist of grants, scholarships, loans, work-study or any combination. Packages vary from school to school.

**Grant** – Gift money, usually need-based, that does not have to be repaid.

**Scholarship** – Gift money, typically merit-based, that does not have to be repaid.

**Prior-Prior Year (PPY)** – Tax and income information from two years prior. Filing your FAFSA shortly after it's released in October lets you use information from the taxes you've already filed.

**Work-Study** – Federal program that allows students to work part-time on campus during the school year.

## What does “Net Price” mean?

Net price is the out-of-pocket amount a student/family pays to attend an institution in a single academic year **AFTER** subtracting scholarships and grants the student receives.

Use the Net Price Calculator at [collegecost.ed.gov](http://collegecost.ed.gov) to compare your real costs for the colleges you are considering. You may be surprised by the results.

COLLEGE GOAL  
ALASKA

Financial Aid  
Assistance

## Federal Work-study

Federal work-study provides part-time jobs for undergraduate and graduate students with financial need, allowing them to earn money to help pay education expenses. Even if you are not eligible for federal work-study, you should still apply for student employment.

“...[UAA] student positions have helped me grow my skills in communication, leadership, and time management.”

Eva Ulukivaiola,  
Economics  
UAA Fall '17

“[UAF] student jobs are great because you can network with other workers at the university to find other career opportunities or internships.”

Liliane Ulukivaiola,  
Petroleum Engineering  
UAF Spring '18

## Scholarships

Scholarships help students defray some of the costs associated with attending a university, community college or career school. Scholarships do not have to be paid back. While some scholarships are merit-based, others are based on financial need or geared towards particular groups of people.

### Resources for finding Scholarships

- Your school district's website and school counselor
- The institution(s) you plan on attending
- Local business and organizations
- AKCIS.org

For one-on-one assistance in your scholarship search contact:

#### The Success Center

The Dimond Mall (Anchorage)  
 UAA One Stop  
 800-441-2962 opt #4  
[acpe.alaska.gov/successcenter](http://acpe.alaska.gov/successcenter)

### Checklist for winning scholarships

- Start searching for scholarships early.
- Use a calendar to keep track of deadlines.
- Apply for multiple scholarships, even those with small awards. Small awards can add up.
- Read and follow all directions closely.
- Remember accomplishments (use AKCIS.org Resume Creator to keep track).
- Personalize your essays, give examples and be passionate.
- Proofread your essays. Ask a counselor or teacher to review your writing.

## Use AKCIS.org

AKCIS.org has a gigantic database of scholarships. Although the list may seem intimidating, there are tools to help you narrow your search.

AKCIS.org

### Financial Aid Sort

Filter scholarships based on your personal characteristics. *You'll only see scholarships that you may qualify for!*

### Application Tracker

Record the scholarships of interest and track your progress.

### Do you have a unique talent or specific major?

Use the "Financial Aid by Category" tool to find scholarships for certain hobbies, majors, and personal characteristics.

## Alaska Performance Scholarship (APS)

There are two types of APS awards, each with 3 different award levels based on your GPA and test scores. Either award type can be used for up to 4 years during the 6-year window after you graduate from high school, and can only be used in Alaska.

### SAT/ACT APS: Degree or Certificate

You can earn this APS type through your GPA, SAT or ACT score, and meeting curriculum requirements. If you qualify for this APS, you may use your award at any participating institution – most of which are listed in the following pages. Award levels for this type are based on a combination of test scores and GPA.

### WorkKeys APS: Certificate Only

You can earn the certificate-only option based on your GPA, qualifying WorkKeys scores, and meeting the curriculum requirements. This APS option can be used for certificate programs only and cannot be used for associate or other degrees. The award level is based on GPA.

checklists + more info  
[APS.alaska.gov](https://aps.alaska.gov)

**up to \$4,755  
per year**

## Alaska Education Grant (AEG)

This grant is available to students with demonstrated need – generally students with \$0 EFC (Estimated Family Contribution, see page 8) based on the FAFSA. This grant award is also impacted by your FAFSA filing date, so, if you think you may be eligible, make sure you complete the FAFSA as soon after October 1 as you can.

# Loan Myths You Don't Want To Fall For

**"All student loans are the same"**

**FALSE** – Not all loans are created equal. Generally, federal loans for students offer the lowest interest rates and flexible repayment options. If you need additional funds, the State of Alaska offers student and family loan options with lower interest rates than the federal parent PLUS— with NO fees! Banks may also offer student loans, but, the advertised interest rates are often available only to the highest-credit borrowers and may be variable rates that can increase dramatically over the life of the loan. Compare carefully.

**"I'll be paying off my loans forever"**

**FALSE** – Most student loans are on a 10-year repayment schedule.

**"I can get rid of my student loans without having to pay them off"**

**FALSE** – You must pay back your student loans. Generally, not even declaring bankruptcy can get rid of student loans.

PHOTO BY TOM LOHMAN

## Student Loan Game Plan

Match your potential future paycheck to your possible loan payment with this interactive online calculator [acpe.alaska.gov/slcp](http://acpe.alaska.gov/slcp)

## TIPS FOR SUCCESS

# We asked college graduates what they wish they knew before starting college

This is what they said:

## Choosing Classes

- Meet with your academic advisor regularly
- Follow your degree track
- Select electives that speak to your interests and will make you more marketable
- Select feasible class times

## Familiarity with Campus Life

- Attend New Student Orientation
- Identify resources on campus (health center, campus security, etc)

## Maintain Healthy Habits

- Maintain a balanced diet
- Be active
- Get enough sleep

## Time Management

- Prioritize classwork and personal tasks
- Keep a routine
- Use a daily planner to list and schedule tasks
- Avoid overcommitting
- Fight procrastination

## Money Management

- Familiarize yourself with the financial aid process
- Create a feasible budget and stick to it
- Track your spending
- Be responsible with credit cards

# 5 people to know on campus

## Academic Advisor

Your academic advisor helps choose and schedule classes. You should also talk to your advisor about your education plan, future goals, or major.

## Your Professors

Maximize your academic experience by connecting with professors before, during, and after class. Participate in class and drop by your professors' office hours if you have more questions.

## Health Services Staff

Sometimes you just need to go to the nurse. Whether you have an existing health issue or you wake up one day not feeling your best, you should always know where to go to get help.

## Resident Advisor (RA)

If you live on campus, your RA is a walking, talking campus survival guide. RAs live in your residence hall with you and are always available to hang out, grab dinner at the dining center, or just talk. They schedule fun programs and events and help to build up the residence hall community.

## An Upperclassman with the Same Major

Connecting with a junior or senior in your program can help you understand what's ahead. Whether its good news or not-so-good news, someone who has come further along the pathway can offer valuable insights.

## Get Involved & Finish

Most campuses have an array of programs and clubs that will get you active and engaged in life at school. Research shows you can increase your chances of graduating and improve your overall quality of life after high school by joining academic, social, or cultural/heritage or other clubs or programs. Usually there are tons of options to choose from – so jump in and get active!

# Stay on Course & Graduate with Less Debt

College or training is a big investment in your future! Stay on track to get the most out of your investment.

How much do you want to pay for your degree?

**Do the math:**

- If it costs about \$20,000 per year to attend
- 4 years = \$80,000
- 5 years = \$100,000
- 6 years = \$120,000

**Get \$mart**  
**online video series**

- Keeping College Costs Low
- Keeping Loan Costs Low
- How to Create a Budget
- Getting Done On Time
- Planning for Repayment

[acpe.alaska.gov/moneysmarts](http://acpe.alaska.gov/moneysmarts)

# Benefits of Choosing Alaska

1) Up to \$4,755 per year

see page 10

## 2) In-State Tuition

Check your full financial aid package for each school you're considering to determine if choosing to study in Alaska will save you money. You may even want to think about attending in Alaska for the first year or two before transferring to a higher-cost institution outside.

## 3) Travel Expenses

Travel, especially over the holidays, may be expensive. When selecting a school, consider your travel desires and compare to the cost of traveling over greater distances.

## 4) Support Network

When you hit the bumps of life, consider the value of having your support network nearby. Attending college or training closer to home can help avoid some stresses and the culture shock of traveling away from home.

## 5) Connections to Alaska Employers

Alaska employers are actively seeking to add educated employees to their workforce. By attending an institution in Alaska, you can make use of in-state apprenticeship and job placement opportunities.

PHOTO BY  
KRYSTAL CRAWFORD

# Top Jobs for Alaska

## Business or Other

To rank as a "Top Job," the occupation must: 1) rank in the top two wage quartiles; AND 2) have projected growth of at least 75 jobs and greater percentage growth than all occupations combined, OR be amongst one of the 50 occupations with the most projected openings (of those with wages in the top two quartiles).

Based on 2015 Occupational Employment Statistics (OES) wage estimates for Alaska.

# Training Centers

Career training prepares you to obtain a job in a specific industry. This training is usually offered through trade or technical schools that focus on practical application of skills through hands-on-training.

Alaska's training providers are public, non-profit, and for-profit centers that prepare students for employment opportunities in Alaska. Most provide coordinated workforce development, education, and training in conjunction with local, statewide and federal partners to prepare citizens to have successful careers in the Alaskan workforce. Program lengths vary with the majority ranging from 2 weeks to 6 months and longer.

For a list of training providers in Alaska visit: [live.laborstats.alaska.gov/atc](http://live.laborstats.alaska.gov/atc)

## EARN while you LEARN — Apprenticeships

An apprentice starts working from day one with a combination of on-the-job training and technical instruction. Some apprenticeable occupations in Alaska are:

- Construction
- Forestry
- Healthcare
- Maritime
- Mining
- Oil and Gas
- Transportation

After completing an apprenticeship program, which can range from one to six years depending on the industry, individuals earn an industry-issued credential that certifies occupational proficiency.

### Sponsor Spotlight

**Northern Industrial Training** offers programs that are in high demand in Alaska today. We are constantly developing our methods and technologies to address the changing needs of Alaskan Employers in the Oil & Gas, Mining, and Construction Industries. Training programs include Welding, Professional Truck Driving, Heavy Equipment Operation, Roustabout, Carpentry and more. The Mechanical, Building Trades Training and Testing Facility in Palmer is a state-of-the-art training facility. The facility was developed and equipped to meet the specific needs of the largest employers in Alaskan Industries. Customized features include individual welding booths for students and space for both the instructor and student to work side-by-side. Our driving and equipment range provide experience to students in Alaska terrain and weather.

Located within the heart of the beautiful North Slope, Ilisagvik College is Alaska's only Tribal College, and is the state's only accredited, Alaska Native-controlled higher education institution. Every program we offer at the college not only models our Iñupiat traditions, values, and culture, but also has substantial career and employment opportunities in the Arctic as well as elsewhere in Alaska. We serve students at our campus in Utqiagvik and via distance delivery.

The University of Alaska offers hundreds of accredited degree choices at sixteen campuses around the state. You can attend online or in person at a campus near you, or experience a new location just a short airplane ride from home - we are here for you. We provide a stellar education at affordable prices, providing the skills needed for Alaskan jobs in engineering, teaching, nursing or many other professions. Join us! For more information go to: [www.alaska.edu/future](http://www.alaska.edu/future)

### UA Scholars Program

Students in the top 10% of their class (as designated by their high school) are eligible to receive the \$12,000 UA Scholars Award.

UA Scholars:

- May use the award to study abroad or participate in the National Student Exchange program.
- May take up to two semesters off within 5 years without losing the award.
- Must apply to a UA school by May 1 of their senior year.

*Receive \$1,500 per semester for EIGHT semesters of study at any UA school!*

Prince William Sound College in Valdez is set among rivers home to famous Alaska salmon runs and has extension centers in the Copper Basin Region and Cordova. We offer modern instructional facilities with many online courses; credits are easily transferable within the University of Alaska and to universities across the nation. Two signature AAS programs are Outdoor Leadership and the Millwright degree providing technical skills for high-demand jobs, and unique internship connections with Alaskan employers.

“Wayland Really Cares.” This is evident in everything at Wayland, where students enjoy an academically challenging, learning-focused and distinctively Christian environment that eagerly welcomes people of all faiths and beliefs. Successful learning is built on relationships, and at Wayland instructors know their students by name.

Per Credit Tuition: \$250  
 Student/Teacher Ratio: 15:1  
 Degrees Offered: **Certificate, Associate, Bachelor's, Master's**

visit [AKCIS.org](http://AKCIS.org) for more info about Alaska schools

“**Compare Schools**” shows up to 3 schools at a time side-by-side.

Compare:

- costs
- financial aid
- admissions
- programs of study offered
- career services

*Get the name and contact information to speak directly with someone at each school.*

Use the **School Sort** to narrow the list of schools matching your interests and parameters you set. Learn more about “**Choosing a School**” under the “**Education**” tab at [AKCIS.org](http://AKCIS.org).

*Create a portfolio to save your findings.*

## Other Options that may lead into going to college or training

**Volunteer** – Find a cause that you really care about and give back in the biggest way possible. AmeriCorps places thousands of young adults into intensive service positions where they learn valuable work skills, and develop an appreciation for citizenship – the best part: you also earn funds to use towards college or career training. Learn more at: [www.nationalservice.gov](http://www.nationalservice.gov)

**Military** – Joining the military is a big commitment but can be a great way to learn more about yourself and gain career training in the process. The skills you learn in the military can help build a career in the civilian world, plus you'll have earned some cash for college.

**Start a Business** – If you have an idea to sell, now may be a good time to give entrepreneurship a shot. Regardless of success, starting a business can help you discover more about yourself and gain education in business and grit.

**Travel the World** – Traveling gives you an entirely new perspective and exposure to new cultures. Visit places you've only read about, eat food you don't recognize, and make friends with people you otherwise wouldn't have met. Just make sure you have a purpose, a plan (structured volunteer programs are excellent), and a target completion date – and keep your long-term career goals in mind.

### Test Dates

#### ACT

September 9, 2017  
October 28, 2017  
December 9, 2017  
February 10, 2018  
April 14, 2018  
June 9, 2018 

#### SAT

October 7, 2017  
November 4, 2017  
December 2, 2017  
March 10, 2018
