

## Alaska Performance Scholarship

An invitation to excellence, extended to students, parents and educators alike.

The following Alaska postsecondary institutions and training centers are approved to participate in the Alaska Performance Scholarship (APS) program for the 2014-2015 academic year. There are two lists:

1. **Regionally and Nationally Accredited Institutions** offer career and technical education (CTE) certificates, and associate, bachelor, and master degrees.
2. **Career and Technical Education (CTE) Institutions/Training Centers** offer Department of Labor and Workforce Development-approved CTE certificate programs. CTE-eligible students may use their award only for the approved certificate programs listed.

Collegiate award-eligible students may use their scholarship to enroll in a degree **or** CTE certificate program. CTE award-eligible students, including those who became eligible via qualifying WorkKeys scores, may use their scholarship to enroll in CTE certificate programs offered by institutions on either list.

**NOTE:** *Occupational Endorsement (OE) programs are not eligible for APS funds.*
