

## IMPORTANT NOTICE: CONDITIONAL EXTENSION OF THE 2014-2015 ALASKA PERFORMANCE SCHOLARSHIP APPLICATION WINDOW

The Alaska Commission on Postsecondary Education will consider, for the purpose of funding APS awards, 2014-2015 Free Applications for Federal Student Aid (FAFSAs) filed after the June 30, 2014 priority deadline, on a first-come, first-served basis, so long as funds continue to be available. Such awards will be conditioned upon:

- Funding availability (awards will be made on a first-come, first-served basis until funds have been depleted); and
- The applicant having met all other APS academic eligibility requirements prior to July 2014.

The Alaska Department of Education & Early Development will continue to process 2014 Eligibility Determination Request Forms for home-based education and religious or other private school graduates who met all other APS academic eligibility requirements by their graduation date.

If you are APS eligible and you've already filed a FAFSA, check your Alaska Student Aid Portal (ASAP) account online for updates to your award status. For more information about the award processing timeline, ASAP, or the APS, go to [APS.alaska.gov](http://APS.alaska.gov) or contact ACPE Customer Service at (800) 441-2962, option #2.
