## FOR IMMEDIATE RELEASE

### **ACPE (Alaska Commission on Postsecondary Education) launches new strategic plan with revitalized Mission, Vision, and Strategic Priorities in service to Alaskans.**

Juneau, Alaska – After a multi-year, comprehensive strategic planning process, ACPE launches its new Strategic Plan (2024-26). This new plan includes a new Mission and Vision along with 4 Strategic Priorities to support Mission attainment and Vision realization.

Guided by its revitalized Vision: *Alaskans are educated and skilled contributors to our vibrant communities and economy*, ACPE has revitalized its Mission to *provide sustainable solutions for college, career and technical training*. Funded by the Alaska Student Loan Corporation, ACPE champions individuals and families through broad access to federal and state programs, grants, scholarships and loans in conjunction with delivering the tools and resources to equip Alaskans in making informed decisions about funding their education and career goals.

Through the strategic planning process, ACPE also redesigned its logo to provide a stronger visual representation of the organization. ACPE's new logo incorporates Alaska (and Alaskans) as its foundation, the graduation cap connecting ACPE to educational attainment, and the tagline "*Providing Education & Career Funding Solutions*". As a result, the ACPE logo now succinctly conveys where ACPE resides, who ACPE serves, and what ACPE does for Alaskans.

For more information about ACPE's new Strategic Plan, Mission, Vision, and more, please visit [acpe.alaska.gov/strategicplan](https://acpe.alaska.gov/strategicplan).
