CREATE AN FSA ID

An FSA ID is a StudentAid.gov account username and password you create to gain access to the U.S. Department of Education's online systems. Your FSA ID serves as your legal signature when completing the FAFSA. To create an FSA ID you'll need your Social Security Number (if applicable) and your own email address.

NOTE: Parents without SSNs are able to immediately access the FAFSA and submit it after creating an FSA ID. Manual identity validation continues to be waived.

CHECK YOUR EMAIL/TEXT

3

Check your email or text to find the invite link and/or invitation code to access your student's FAFSA. You may log in to your StudentAid.gov account to accept an invitation there, but you will still need the code to do so.

If you have not received the invitation:

- check your email spam/junk folder
- confirm correct email address/phone number was used to send an invitation
- ask your child to log back into their FAFSA and share the invite link/invitation code

4

PROVIDE CONSENT

Consent and approval are needed to retrieve and disclose federal tax information (FTI) from each participant on the FAFSA. Your consent and approval allow the U.S. Department of Education to obtain your federal tax information automatically from the IRS. **If consent and approval are not provided by the student and all contributors on the FAFSA, the student will not be eligible for federal student aid**, including grants and loans. All participants must provide consent and approval even if they did not file a U.S. federal tax return or any tax return at all.

REVIEW, SIGN & SUBMIT

5

Providing your signature is the final step in successful FAFSA completion. Before you sign, review the Summary Page of all your answers for accuracy, and agree to terms and conditions.

Remember, the U.S. Department of Education will not calculate a **Student Aid Index (SAI)** if any of the required signatures are missing, which means the student will not be able to receive federal student aid. Once signed and submitted, your student will receive a confirmation email with next steps.
