 - If postcards cannot be given to students, please ask students to draw pictures of their career dreams on the appropriate coloring page or a blank sheet of paper.

Synchronous Virtual Event Options:

- ✚ Students can participate from home (teacher's Zoom Room) or from school (ACPE Zoom Link)
 - Volunteers will read and discuss the story with the class
 - Zoom Break Out Groups (one volunteer per group) allow guided time while students draw career dreams on postcards. Volunteers talk with students about their dreams, assist students unsure what to draw, and keep students on task. Suggested 10-15min. Teachers can bounce in and out of break out rooms. If Break Out Groups will not work for your students, they can draw on their own time, after the story activity.
 - Students return to main Zoom room to share their career dreams with the class.

Asynchronous Event Options:

- ✚ Students should read the story with their family, complete the online activities, and draw a picture of their career dreams.
- ✚ If possible, send postcards and books home with students and collect completed postcards to mail back to ACPE.
